Map available @

www.monterey.org/parking/DowntownLot.html

Please join us to celebrate **GIS Day** at the Monterey Institute of International Studies (MIIS). This year's event will highlight GIS applications by members of the Central Coast Joint Data Committee (CCJDC). CCJDC's mission is to facilitate the sharing and use of geospatial data for informed community decision making, innovative business development, environmental management and education in the Central Coast region. Members include public, private and academic organizations.

Partial List of Presenters:

Monterey Institute of International Studies
University of California, Santa Cruz
Monterey County Water Resources Agency
Monterey Peninsula Regional Park District
Sanctuary Integrated Monitoring Network
California Department of Fish and Game
U.S. Army Base Realignment and Closure Division (BRACD)
California Coastal Commission
California State University, Monterey Bay

This year's celebration will also mark the 50th anniversary of the founding of MIIS, a private graduate institution. MIIS is at the forefront of international professional education preparing students for global careers in the private, public, nonprofit and educational sectors.

Maps will be on display in the McCone Building.

Show your stuff! Bring your maps on the day of the event.

CCJDC 2005 Map Contest winners will be announced and awards presented.

Visit www.ccjdc.org or phone 582-4197 for more information.

What is GIS Day?
